

# **ECOSTART FUNDRAISING PLATFORM**

**Earth is our common home!**

**We issue cryptocurrency  
TerraEcocoin (TECO) for our home**

A new approach to financing environmental projects using  
technology of blockchain

# ECOSTART SOLUTION

The Ecostart project is aimed at solving one of the most acute problems of all mankind - ecological, using blockchain technology to create and operate system of financing and implementation of environmental projects

## KEY PROBLEM

**The deficit of financing of environmental activities.**

## SOLUTION

**Ecostart - a tool for fundraising cryptocurrency for the financing of ecological projects, with the help of:**

- 1. Fundraising service**
- 2. Investment Environmental Fund (IEF)**
- 3. Transfers of part of the commission from TECO transactions to IEF**

## Key Benefits

**Efficiency 24/7**

**Absence of intermediaries**

**Transparency**

# ECOSTART SERVICES

**Ecostart – an innovative solution for the global market for ecological projects, with its own TECO cryptocurrency with the generation of POI (Proof-of-Importance)**
